The latest colors, trends and concepts.
#FinishbyMaibom

we invite you to our booth at the Moda in E08. We would like to show you the highlights and innovations of our collection.

In this summer we appreciate a lot in the haptic of the fabric. This you will find in our themes "Micro Brush" and "Dolphin Touch".

In our new color cards "Vintage Dyed" and "D-Side" you will find the latest color trends.

It would be a pleasure to meet you at our booth.

Best regards from Germany

Jochen Maibom, Patrick Küppers, Uschi Räntsch,
Kai Schneider und Fabian Maibom
